

PRODUCT LINE CARD ADDITIONAL INFORMATION CHECK LIST

Ultraviolet Systems

- Residential UV Systems (1-20 GPM)
- Commercial UV Systems (15-50 GPM)
- Industrial UV Systems (40-1,500 GPM)

Drinking Water Systems

- Undersink Systems (1-2 GPM)
- POE & Light Commercial Systems (3-6 GPM)
- UF Systems (0-12 GPM)

Reverse Osmosis Systems

- Residential RO Systems
- Commercial / Industrial RO Systems

Ion Exchange Systems

- Residential Systems
- Commercial / Industrial Systems
- Water Softeners
- Specialty Mixed-Media Water Conditioners
- Deionization Systems
- Specialty Systems (Tannins, Nitrates, Isotopes)
- Dual Chamber, Multi-Media Conditioners

Automated Filtration Systems

- Residential Systems
- Commercial / Industrial Systems
- FilterEase™ Sediment Filter Systems
- ProActive™ Carbon Filter Systems
- MetalEase™ Iron, Hydrogen Sulfide, and Manganese Filter Systems
- Hydrogen Peroxide / Chlorine Injection Systems

Housing and Cartridges

- Residential
- Commercial
- Sediment Cartridges

- Carbon Cartridges
- Inline Cartridges
- Sub-Micron and Laboratory Grade Cartridges
- Plastic Filter Housings
- Stainless Steel and Multi-Cartridge Housings
- Centrifugal Spin Down Filters

Components

- Programmable Control Valves
- Manual Control Valves
- Tank Heads and Tank Adapters
- Customized Hubs and Laterals
- Distribution Systems and Underdrain Assembly
- Fiberglass Pressure Tanks
- Steel Commercial / Industrial Tanks
- Brine and Chemical Storage Tanks
- PVC Pipe and Plumbing Fittings
- Compression and Quick Connect Fittings

Bulk Resins and Media

- Cation Softening Resins
- Anion Demineralization Resins
- Specialty Resins (Tannins, Nitrates, Silica)
- FilterEase™ Sediment Filtration Media
- ProActive™ Granular Activated Carbon
- MetalEase™ Oxidation Media
- Manganese Greensand
- Birm®
- Anthracite, Garnet, Gravel, Sand (All NSF Certified)
- Mixed Bed Resins (DI, Nuclear, Semi-Conductor)
- Zeolites

Additional Equipment

- Chemical Feed Pumps
- Static Mixers
- Resin/Media Loaders, Extractors, Funnels
