A fee may be charged for either, depending on the progress of the order when the changes are received. Special orders or orders per customer's prints cannot be canceled once special material has been ordered and/or production has started.

The time involved depends on the response from the references that you give us. You will be notified when your credit is approved. In the interim, all orders must be shipped COD or check in advance.

TERMS AND CONDITIONS OF SALE

Damaged Merchandise: SWT cannot be held liable for damage or loss to a shipment by a freight carrier. Claims for damaged products, suspected damages, container shortages, or pilferage within the container on delivery MUST BE NOTED ON THE CARRIER'S DELIVERY RECEIPT. The carrier claims representative MUST be notified immediately.

Shortages: All product shortages MUST BE REPORTED TO SWT WITHIN 7 DAYS AFTER DELIVERY. If the shortages are a result of damaged packaging during transit, the damage must be noted on the carrier's delivery receipt at the time of delivery (see Damaged Merchandise for more details).

Errors and Returned Goods: SWT cannot assume the responsibility for the errors of others. Merchandise ordered incorrectly cannot be returned without a written authorization. Material must be new and in marketable condition. We reserve the right to charge a 25% restocking fee on all returned goods. We will assume responsibility for our own errors at no charge to the customer.

Restocking fees are as follows:

1) Stock parts and easily resellable items. (Items must be unused and in "like new" condition on arrival, so please pack it well for the return trip.)

- Your fault30%
- Your fault and you're really sorry.25%
- Your fault, you're really sorry, you're placing a new order for the right stuff.20%
- Manufacturer's fault on items we distribute0%
- Our fault. We eat the freight, apologize like crazy, and yell at our people0%

2) Non-stock, custom manufactured, and special ordered materials

- Your fault50 - 100%
Chances are, if it's custom work, no one else will want it. If we can't use it, you'll be stuck with the tab. We'll try to help locate outlets for you if we can, but in all honesty, we can't afford to have special stuff sitting around.
- Our fault0%
Of course this rarely happens (?), but if it did, we'd scramble like all get out to get the situation fixed any way that we can to keep you as a happy customer. Then someone comes close to being fired. (Of course we don't actually fire people for making honest mistakes, but don't tell them that. We need to keep them on their toes.)

Freight: We need to know from you, on each order, what is most important to you; things such as "fastest way," or "lowest cost." (Obviously, if the fastest way is also the lowest cost, we'll send it that way). We believe that communication about freight is very important and can save money and aggravation. If you do not relay information to us, we will use our best judgment trying to weigh the benefits of timeliness vs. cost. We have good freight rates to some parts of the country, and not-so-good rates to other parts of the country. Sometimes it is better to ship collect. Other times, it is better to prepay the freight and add it to the invoice. Our point here is that we can usually ship however you want us to, but if we need to know things like "your cousin owns a truck and can save you some money," you need to tell us (and it does not hurt to verify this on each order).

Shipping and Back Order Policy: SWT's standard policy is to ship your order in a reasonably short period of time (1 to 3 days), and back order whatever is not going to be ready quickly. If you wish for shipments to ship complete, you must let us know on each order. Most items are shipped via UPS or truck common carrier. Orders requested to go via a special carrier or air freight must be specified at time of ordering.

Warranties: SWT expressly disclaims and shall have no liability whatsoever in excess of the purchase price of the item sold for any loss, damage, or injury to person or property, including any such loss, damage, or injury attributable to a manufacturer's negligence or fault and including any incidental or consequential damages. The seller makes no warranties, express or implied, including warranties as to merchantability or as to the fitness of the merchandise for any particular use or purpose, and shall not be liable for any loss or damage, directly or indirectly, arising from the use of such merchandise or for consequential damages. Buyer understands its sole warranties, if any, shall be those provided by the manufacturer.
